

Our goals:

Every child in Oregon grows up knowing that they have a bright future, and can pursue their goals after high school

Oregon Bright Futures Plan will be designed to create a more equitable future for Oregon children, by using tested and proven design elements:

- **Universal – every child has an account opened**
- **Automatic, and Opt-Out – no action is required for savings to begin in a child's name**
- **Low barriers for families to save**
 - **Multiple deposit options at local financial institutions and online**
 - **No fees**
 - **Culturally and community based engagement strategies**
